STRUCTURAL STABILITY CERTIFICATE

I had visited the **B.N PUBLIC SCHOOL** situated at ,Badhkal Enclave,
Faridabad. dated 10/05/2022.

The building is a U shaped building .

Front block ,Middle block & Side block consist of Ground floor & First
floor with varandha in front of it.

The building is a R.C.C. Frame structure resting upon column & beams.
Ground Floor, First Floor is made of 9" thick brick masonry wall, R.C.C.
columns & beams.

The structural design has been checked & found to be in conformity
with the N.B.C. & Indian standards code.

The building is structurally safe & sound as on today.
